Check-a-Note

The efficient and easy way of stopping forged notes from entering your tills.

The result is immediate: Within a second you will know if the note is suspect or not. And, you have independent support to help convince your customer that the note is suspect.

Check-a-Note comprises a base unit, double-sided tape to affix the unit to the cash register and a refill.

Detection Technology:

Simply swipe the note through the unit. Check-a-Note uses a patented chemical solution that reacts with the paper in the notes.

- A genuine note is left with a very faint yellow mark.
- A suspect note is left with a dark, almost black, line across it.

Specifications:

- Weight: 0.2 kg.
- Dimensions: H70 x W115 x D15 mm
- A refill pack comprising two refills is also available.
