

## **PREMA VERSOMAT COIN** Self Service Coin Deposit Machine

### **Description**

The Prema Versomat Self Service Coin Depositing Machine combines proven Swiss precision and quality with cutting edge technology. With its large capacity this standalone solution has the potential to considerably free up time for your staff.

The machine operates offline to guarantee maximum availability. It can be placed in the lobby area of a financial institution or retail outlet and does not require any costly structural modifications.

Operating this self-service coin machine is extremely easy and self-explanatory. A modern 7-inch display screen guides customers through the deposit process step by step.

### **Counting**

The Prema Versomat counts and sorts coins by denomination, by checking the alloy and diameter of the coin. It stores the coin in eight large-capacity holders.

Customers are issued a receipt for the amount they have deposited, which can be redeemed at till points or cashier desks. Staff can empty the machine as and when required, by opening its lockable front doors.

### **Additional Information**

- Double checking mechanism ensures maximum counting accuracy.
- Horizontal transport system guarantees coins are sorted precisely.
- Equipped with eight large coin holders.
- Easy to empty using a coin carriage.
